The Woodland Hills-Warner Center Neighborhood Council (WHWC) respectfully submits the following Community Impact Statement:

In light of the recent Hepatitis A outbreaks in San Diego and Los Angeles, the Board of the Woodland Hills-Warner Center Neighborhood Council supports the analysis and potential implementation of the emergency public toilet program as outlined in Motion 17-1092.

We further resolve that that scope of potential program be expanded to include funding for the upkeep and monitoring of existing public restroom facilities (e.g.: those within public parks) in order to provide clean, healthy, and safe facilities for all residents of the City of Los Angeles.

Sincerely,
