Re: Need for Speed Surveys

Dear Councilmember Blumenfield,

At the September 14, 2016 meeting of the Woodland Hills-Warner Center Neighborhood Council, the following motion was passed with a unanimous vote of 20 members.

"The Woodland Hills Impacts and Policies Committee recommends that the Woodland Hills-Warner Center Neighborhood Council supports the safety countermeasures of education and enforcement to combat speed, a common contributing factor for collisions resulting in severe and fatal injury. Due to the lack of current speed surveys on our city streets, the Los Angeles Police Department (LAPD) is unable to effectively enforce speeding infractions with proven and safe use of laser radar. LAPD has written 78,000 less citations to enforce the safety of our streets. The Woodland Hills- Warner Center Neighborhood Council requests the Los Angeles City Council create a council file to immediately fund speed surveys on streets identified by LAPD, LADOT and the communities that need immediate attention to public safety."

Thus, this letter shall serve as our formal request per the above action, that the street surveys take place.

We look forward to your attention to this matter.
