2. Items for Board discussion and possible action:

**Item No. (1) August Steurer, Chair, WHIP Committee
(18-067) Neighborhood Council Funding**

Discussion and possible action:

A motion to the Board of the Woodland Hills – Warner Center Neighborhood Council from the Woodland Hills Impacts and Policies Committee in response to a Work Group of Neighborhood Council members to advise the Board of Neighborhood Council Commissioners in regard to how funding for Neighborhoods Councils (NCs) should be distributed to NCs.

Regarding funding equity for NCs, the WHIP Committee of the Woodland Hills – Warner Center Neighborhood Councils moves that the Board of the Woodland Hills – Warner Center Neighborhood Council find:

WHEREAS, currently all NCs receive equal funding of \$42,000 regardless of their size and activities; and,

WHEREAS, in the early years of NCs, they were able to rollover funds not used to their next budget; and,

WHEREAS, at that time the WHWCNC was able to use accumulated rollover funds to fund and promote multiple public workshops and newsletters regarding the start of the Warner Center Specific Plan revision, which led to its adoption; and,

WHEREAS, NCs cannot currently rollover unspent funds; and

WHEREAS, many NCs try to spend all funds before the end of the fiscal year when those funds would be better used in the next fiscal year if they had rollover; and

WHEREAS, the WHWCNC firmly believes that equitable funding should mean serving all stakeholders equitably to the degree possible; and

WHEREAS, currently a NC of 3800 residents receives about \$11 per resident and a NC of 95,000 residents receives about 44¢ per resident, the current policy of equal funding across NCs is grossly inequitable distribution of money back to city residents; and,

WHEREAS, the WHWCNC believes that to fulfill the LA Charter’s Purpose for Neighborhood Councils, which is “promoting more citizen participation in government and making government more responsive to local needs,” stakeholder outreach is a primary purpose of NCs; and,

WHEREAS, costs of doing outreach have significantly increased since the early years; and,

WHEREAS, NCs ability to effectively use social media at no cost is rapidly declining and becoming pay per play; and,

THEREFORE, the Woodland Hills Impacts and Policies recommends that the Board of the Woodland Hills – Warner Center Neighborhood Council advise the Board of Neighborhood Commissioners that:

- 1.) A portion (not more than 35%) of the funds provided annually in the City Budget for funding the NCs be divided equally among all neighborhood councils for the purpose of providing a base amount for funding each NC.
- 2.) The remaining portion of funds for NCs be divided proportionately based on each NC's population percentage of the total NC system population.
- 3.) NC population for funding is to be based on the basis of population actually within each NC's borders and not just the community, as NC boundaries may vary from the community.
- 4.) NC's be allowed to rollover 35% of their annual allocation of funds into subsequent years.

This resolution is to be transmitted to the Board of Neighborhood Commissioners, Councilman Bob Blumenfield, and the Mayor's Office plus submitted as a community impact statement to any related legislation by City Council.

Item No. (2) August Steurer, Chair, WHIP Committee
(18-068) City Council File 18-0467

Discussion and possible action:

A motion to the Board of the Woodland Hills – Warner Center Neighborhood Council from the Woodland Hills Impacts and Policies Committee in response to a City Council Motion in City Council File 18-0467, which seeks to study potential changes to the system of Neighborhood Councils and seeks input on those changes.

WHEREAS, (1) the Council Motion (CM) suggests changing the name of the Department of Neighborhood Empowerment (DONE) to the Neighborhood Council Department and changing the name of the Board of Neighborhood Commissioners (BONC) to the Neighborhood Council Commission; and,

WHEREAS, BONC is not a Commission made up of NCs; and

WHEREAS, many other Departments are named conventionally as the Department of "something", such as the Department of City Planning and the Department of Transportation; and,

WHEREAS, Neighborhood Councils (NCs) empower communities instead of the DONE; and

WHEREAS, the DONE's role should be providing training, essential platforms, resources and generally supporting NCs in performing their community role; and,

WHEREAS, (2) the CM suggests removing "Community Interest Stakeholder" from the Los Angeles Administrative Code; and,

WHEREAS, (3) the CM suggests removing "Selections" as a way to constitute NC Boards; and,

WHEREAS, (4) the CM suggests having BONC on a one-time basis review all NC bylaws for equitable representation of stakeholder groups; and,

WHEREAS, NCs bylaws have been reviewed for equitable representation in the NC formation process; and

WHEREAS, (5) the CM suggests having a uniform voting age across all NCs, and

WHEREAS, (6) the CM suggests developing and requiring training for Chairs and Vice-Chairs of planning and land use committees; and,

WHEREAS, (7) the CM suggests creating a process for NCs to roll-over a non-cumulative funding amount of \$10,000 each fiscal year; and

WHEREAS, (8) the CM suggests a process to reinstate the ability of NCs to accept in-kind and monetary donations; and

WHEREAS, (9) the CM suggests investigating the feasibility of having all NC elections on the same day in order to provide uniform advertising and outreach; and

WHEREAS, (10) the CM suggests creating a process to have the General Services Department and the City Clerk assist NCs in accessing shared space in City facilities; and,

WHEREAS, (11) the CM suggests developing how-to-guides based on a compendium of NC best practices; and,

WHEREAS, Training for NC members and Stakeholders would be more efficiently delivered online when they need it and not just periodically; and,

WHEREAS, (12) the CM suggests establishment and training of liaisons in each City Department to assist and communicate with a corresponding liaison within each NC; and,

WHEREAS, the maker of the CM, Councilman Ryu, has requested that NCs respond directly to the City Council Committee that he chairs, which is responsible for handling issues related to NCs;

Therefore; the Board of the Woodland Hills – Warner Center Neighborhood Council (WHWCNC) advises the City Council of the following:

- 1) WHWCNC supports renaming the DONE to the *Department of Neighborhood Councils* (DNC) and renaming BONC to the *Commission on Neighborhood Councils* (CNC).
- 2) WHWCNC supports (a) removal of “Community Interest Stakeholder” from the Los Angeles Administrative Code. Each NC Board should be able to determine its structure and voter eligibility.
- 3) WHWCNC supports NCs retaining the option of using Selections or Elections as each may be the most viable option for an NC.
- 4) WHWCNC believes that BONC only creates policy and should only review changes and not initiate/dictate changes to NC bylaws.
- 5) WHWCNC believes NC’s should have a choice on minimum voting age and does not support a uniform voting age requirement.
- 6) WHWCNC supports necessary funding and online course development for requiring all NC Board members to take a basic course on land use and planning. In addition, require the development and attendance in additional training courses for land use committee chairs and committee members.
- 7) WHWCNC supports using a percentage of 35% of an NCs annual funding for purposes of determining allowable amount for rolling over funds on a non-cumulative basis.
- 8) WHWCNC supports reinstating the ability of NCs to accept in-kind and monetary donations.
- 9) WHWCNC _____ supports or _____ does not support the concept of having all NC elections on the same day if realistic funding, staff and resources are provided to make the election process more successful than the current system.
- 10) WHWCNC supports (a) the concept of City Departments assisting NCs to have access to shared space in City facilities and (b) City Departments acquiring additional space in Woodland Hills – Warner Center or making existing Libraries and Police Department or Fire Department facilities more available.
- 11) WHWCNC supports developing how-to-guides and online training based on a compendium of NC best practices.
- 12) WHWCNC supports establishment and training of liaisons in each City Department to assist and communicate with a corresponding liaison within each NC.

This resolution is to be transmitted to the Board of Neighborhood Commissioners, Councilman Bob Blumenfield, the Health, Education and Neighborhood Councils Committee of the City Council and submitted as a community impact statement to any related legislation by City Council.

Item No. (3) Sheppard Kaufman, VP & Chair, Public Safety Committee & Ved Kulkarni, Youth Board Member & Committee Member, Public Safety.
(18-069) Related to: SB-1045 (Stern/Wiener)

Conservatorship: “Serious Mental Illness and Substance Use Disorders” & LA Council File# 18-0002S28 In Support of SB-1045

Discussion and possible action:

Motion:

WHEREAS, California State Senate Bill 1045 (As amended July 02, 2018) provides for an experimental and limited expansion of Conservatorship programs to serve the needs of those individuals suffering from serious mental illness and a substance abuse disorder who are shown not have the capacity to care for themselves; and

WHEREAS, the current version of the proposed legislation adds numerous protections for the proposed conservatee; and, WHEREAS, the goal of the legislation is to provide a path to rehabilitation and self-sufficiency for the conservatee in the least restrictive, yet effective, manner; and,

WHEREAS, the City of Los Angeles is directly affected by and supports the proposed legislation;

THEREFORE, it is resolved that The WOODLAND HILLS WARNER CENTER NEIGHBORHOOD COUNCIL supports the action taken in CF 18-0002-S28 and the pilot program outlined in SB-1045 with the following comments: (Sec 5452): Consider providing further clarity on licensing and training standards required – as defined by the American Psychiatric Association, the American Medical Association, or other nationally recognized medical professional standards organization – in order to serve as a “qualified person” to provide evaluation services.

(Sec 5462) Provide the conservatee written notice if the conservator has petitioned the court for an extension of the conservatorship.

Provide clarity on the housing of children where their parent(s) is (are) committed to conservatorship.

(Sec 5459) - As the conservator is required to have a fiduciary duty to protect and care for the conservatee, please further include the that conservator shall have successfully completed fiduciary duty training provided by an entity approved by the California Department of Consumer Affairs Professional Fiduciaries Bureau prior to beginning the conservatorship unless the conservator is a close relative of the conservatee.

We further suggest that when a non-governmental conservator is appointed there be a County or City official assigned to oversee the actions of conservators on a regular basis in order to ensure that the best interests of the conservatee are being maintained and that the conservator is fully trained in all of the requirements set forth in the legislation.

Article 5555 calls for a working group to submit a preliminary report of the effectiveness of the program by Jan 1, 2021; we request that there be mandatory yearly (or more frequent) legislative reviews in order to make adjustments to the program based on the findings of the Working Group –including the discontinuation (or extension) of the program based on the Working Group’s findings and public input.

Further, we request that the funding mechanism(s) for the programs be clearly defined and in place – including any applicable state funding available to support requirements of the legislation – prior to implementation of the program(s).

The final statement will be submitted to the California Legislative portal, the offices of the bill’s authors, the office of Councilmember Blumenfield and to the referenced council file.
