Item No. (3) Sheppard Kaufman, Chair - Public Safety Committee **(18-077) Community Impact Statement**

Discussion and possible action:

Re: CF 18-0002 S111 (Blumenfield) DMV Coordination w Safe Parking

MOTION: Whereas homelessness within the City and County of Los Angeles is at near record levels - including thousands of those who are living in their vehicles; and

Whereas Safe Parking programs are an important, low-cost, safe, and effective component in helping those in need to obtain needed services, including access to more permanent housing; and

Whereas these programs also improve the quality of life for residents and businesses; and

Whereas opening Safe Parking locations in the San Fernando Valley, and other areas, have been stalled by registration and insurance requirements required for the vehicles to be allowed on certain properties;

Therefore we support resolution CF 18-0002-S111 seeking additional support from DMV for expediting needed documentation; and

Further we suggest the inclusion of the CA Department of Insurance in this effort to work with DMV, Safe Parking operators, the City and County of Los Angeles in order to create and fund a starter program allowing those without enough financial resources to obtain, at minimum, an initial period of free coverage through the California Low Cost Auto Insurance Program

Item No (4) Sheppard Kaufman, Chair - Public Safety Committee
(18-078) Community Impact Statement

Discussion and possible action:

Re: CF 18-0786 (Blumenfield) Neighborhood Councils and Emergency Preparedness

MOTION: Whereas natural and man-made disasters pose a serious risk to the City and its residents, and disasters such as a major earthquake or fire could delay stakeholder access to first-responders and other emergency services; and,

Whereas the LAFD has already begun a pilot program to store emergency equipment and supply caches for members of CERT teams; and,

Whereas the Mayor's office and DONE have stated the importance of Neighborhood Councils as participants in the Resilient LA program; and,

Whereas the Woodland Hills-Warner Center Neighborhood Council, along with other area Neighborhood Councils and the CPAB Topanga Division have already begun planning efforts to support neighborhood emergency preparedness efforts; and,

Whereas the safe open space provided by Recreation & Parks facilities could provide safe, accessible locations for staging certain types of emergency supplies;

Therefore we strongly support the pilot program and coordination of resources proposed CF 18-1786 and look forward to working with the CD3 Office, LAFD/CERT, Recreation and Parks, DONE and the Mayor's office to produce an effective pilot program.

Further, we suggest the inclusion of large residential and office complexes in the planning of this program.

(18-080) Shopping Cart Security

MOTION: for the WHWCNC Board to support the following letter to be sent to the Woodland Hills (Topanga and Ventura) Ralphs to be part of the locking cart pilot program. This letter will also be submitted to all area businesses requesting a similar shopping cart management program be established.

To: Ralph's Grocery Store,
From: Woodland Hills Warner Center Neighborhood Council
Subject: Proposed Strategies for Shopping Cart Management in Woodland Hills

Dear Management,

There is a concern with the stakeholders in Woodland Hills regarding the increase of our homeless population in the area. As a Neighborhood Council, we are assisting the City of Los Angeles in coming up with solutions that we can implement within our community. Our Woodland Hills Warner Center Neighborhood Council (WHWCNC) Homelessness Committee proposes that cart management strategy be implemented at the Ralph's Grocery Store located at 21909 Ventura Blvd, Woodland Hills, CA 91364. The community has voiced that they have seen an uptick in shopping carts on our highway off ramps, on the neighboring streets and on sidewalks throughout Woodland Hills. Shopping cart retrieval can be costly, and can increase the operation costs for your establishment.

Input from stakeholders included alternate locations that could use shopping cart management strategies included: CVS, Smart and Final, Target, Ralphs (additional location on Winnetka and Ventura), and any other local establishment that utilizes shopping carts.

Item No. (7) Ray Cole, Chair – Homelessness Committee

MOTION: The Woodland Hills-Warner Center Neighborhood Council SUPPORTS Council File 17-1422 for Permanent Supportive Housing (PSH) to aid in combating homelessness in the City of Los Angeles.

WHEREAS, there is a need for temporary transitional housing, PSH, and affordable housing in Los Angeles; and,

WHEREAS, there has been growing concern by the stakeholders in Woodland Hills for safety surrounding homeless encampments; and,

WHEREAS, the population of homeless individuals in the 2017 homeless count in Council District 3 was 746 individuals with 97 residing in Woodland Hills; and,

WHEREAS, Measure HHH money has already been set aside for the creation of permanent supportive housing; and,

WHEREAS, some of the Measure HHH funds could be diverted to immediate solutions for homeless individuals; and,

WHEREAS, the Housing First model has been shown to be an effective solution to homelessness,

THEREFORE, IT IS HEREBY RESOLVED that the Woodland Hills-Warner Center Homelessness Committee recommends that the Board of the Woodland Hills-Warner Center Neighborhood Council support Council File 17-1422 with the following suggestions:

1. That each council district has Permanent Supportive Housing (PSH) developments in their district to alleviate homelessness as needed to meet the demand

2. That these applications for PSH developments be fast-tracked, when feasible, through planning and development as long as specific guidelines (determined by planning or a PSH committee) are followed.
3. That the PSH projects brought forth are visually stimulating, have publicly accessible open space, and proper articulation and landscaping that fit in with their neighborhoods.
4. That before approval of said applications for PSH, notification is made to stakeholders residing and working within 1,000 feet of the parcel(s) identified for the development(s), and a public comment period of no less than 45 days, as well as one public hearing, take place within the WHWCNC community of the stakeholders
