(21-039) NPG Funding for Taft High School Educational Arts Program

Discussion and possible action: (15 minutes)

Motion for the board to approve \$1,500.00 from the WHWCNC Budget/line-item NPG for the Taft High School Educational Arts Program (TEA). The grant will be used to directly help pay for the costs of necessities associated with the music arts education and opportunities for one of only two public high schools in Woodland Hills.

The grant will benefit the school's marching band, color guard, jazz ensembles, concert band, orchestra and choral ensemble.

This grant will greatly help in making sure that all students have access to our proven music arts programs and that it can provide high caliber education to any student in our community.

The marching band has proudly represented Woodland Hills as it won numerous competitions throughout the years (including LAUSD and SCSBOA Championships) and supports the entire school at pep rallies, sports events, graduation and other events.

It is active in community service as well by participating in local events such as the local Veteran's Day and Memorial Day parades, performing at the Light the Night event, and providing holiday music at Candy Cane Lane.

Taft music education is free, but many students' families cannot afford to help pay for the additional related necessities. This grant would help TEA meet the needs of our diverse community.

MOTION:

The Woodland Hills Warner Center Neighborhood Council hereby finds that:

WHEREAS, Warner Center is a Regional Center designated by the City of Los Angeles; and,

WHEREAS, Warner Center 2035 Plan encourages business, housing, and transportation opportunities; and,

WHEREAS, the Woodland Hills-Warner Center community is joining together to encourage new technologies to be effectuated within Warner Center area as a means of mitigating traffic, enhancing the pedestrian experience, and generating new business opportunities; and,

WHEREAS, the City of Los Angeles has designated Warner Center as a Transportation Technology Innovation Zone (TTIZ) by motion of Councilmember Blumenfield and the Los Angeles City Council with support from Mayor Garcetti; and,

WHEREAS, Warner Center has a rich history as a hub for innovation and is the ideal location to deploy and test new technologies and is well situated to attract new industry to the area.

(21-041) (CIS) Council File 20-1044 – Development - High Value Projects

Discussion and possible action:

(15 minutes)

Motion - Concerning the amended City Council Motion on High Value Projects (CF 20-1044) adopted by the Los Angeles City Council on February 16, 2021, the Woodland Hills-Warner Center Neighborhood Council (WHWCNC) requests that the City Council reconsider their decision to move evaluations of "High Value" projects directly to the full City Council Board instead of the City's PLUM Committee until full resolution on key evaluation issues can be reached:

WHEREAS, while the WHWCNC fully appreciates the efforts to reduce corruption in its determinations, we believe bypassing the City Council's Planning, Land Use and Mobility (PLUM) Committee to fully vet and evaluate the most impactful projects in the City and their effects on the communities they intend to build in; and,

WHEREAS, the WHWCNC recognizes that these "High Value" projects should provide the public all the opportunities to comment on the significant impacts to their neighborhoods, land values and traffic effects; and,

WHEREAS, the amended motion would have the effect of limiting public participation in the approval process by elimination of any hearing held by the City PLUM Committee; and

WHEREAS, the City has presented no quantifiable determination as to exactly what constitutes a "High Value" project, nor has it shown that the Councilmembers have the time, staffing or depth of understanding to provide each Councilmember with a full understanding of all the significant issues that could/will significantly impact a neighborhood or community; and

WHEREAS, even the determination of who designates a project as "High Value," and who makes the final decision to either send it to the City PLUM or to the full City Council has not been proposed to the public; and

WHEREAS, the amended City Council resolution makes no effort to create a true independent review of these "High Value" projects which will cost hundreds of millions of dollars and affect the lifestyles of hundreds of thousands of Los Angeles residents and businesses; and

WHEREAS, the City has created no barriers to the lawyers, private planners and other individuals in promoting a "High Value" project to Council Members, thus creating the opportunity for even more City decision makers to be targets for corruption;

THEREFORE, BE IT RESOLVED that the Board of the Woodland Hills-Warner Center Neighborhood Council strongly urges the Los Angeles City Council to reconsider their amended motion of High Value projects that was passed on February 16, 2021, and delay reconsidering the motion again until:

1. A specific definition of a "High Value" project is determined by Planning, the public and the City Council
2. A determination as to exactly which individual(s) will have the authority to determine if a project is sent to the City PLUM Committee or sent directly to the full City Council for resolution.
3. A solution is found that creates a greater timeframe and more generous appeal process for the public—and specifically for stakeholders in the neighborhood where the project is slated to be built--before the sitting City Council members make any final decisions.
4. A process for providing greater awareness of these "High Value" projects is in place so that communities and neighborhoods can more fully be involved in the City Council's determinations.
5. A process be developed to limit or provide notice of contact outside of public meetings between "High Value" applicants or their representative and the Members of the City Council or their staff.

BE IT FURTHER RESOLVED that the Woodland Hills-Warner Center Neighborhood Council requests the Los Angeles City Council, the Los Angeles Planning Department and the City Department of Neighborhood Empowerment to perform greater outreach to the residents and business of the City of Los Angeles and to their elected Neighborhood Councils so that the constituents of this City can have a greater voice in the most significant projects impacting our lives and lifestyles.

Furthermore, the Board of the Woodland Hills – Warner Center Neighborhood Council send copies of this recommendation to:

City Council Members:

Gil Cedillo, Paul Krekorian, Bob Blumenfield, Nithya Raman, Paul Koretz, Nury Martinez, Monica Rodriguez, Marqueece Harris-Dawson, Curren Price Jr., Mark Ridley Thomas, Mike Bonin, John Lee, Mitch O’Farrell
