**Item No. (7) Joyce Fletcher, President**  
**(21-079) Standing Rule 27**

Discussion and possible action: (15 minutes)

The current Bylaws does not include the option for Bylaws to be discussed and approved at both regular and *Special* Board Meetings. Per EmpowerLA, because this option isn't stated in the Bylaws or Standing Rules, the board can only propose and discuss Bylaws at a regular board meeting which has caused Bylaw revisions to not be approved, as the regular board meeting does not allow time for this lengthy process.

Bylaws: Article XIII, Amendments:

“Amendments, changes, additions and/or deletions to these Bylaws or Standing Rules may be proposed by the Board, by Stakeholder(s) or a Neighborhood Council Committee. This may be done during the public comment period or set as an agenda item for a regular Neighborhood Council meeting.”

Motion for the Board to approve Standing Rule 27.

Standing Rule 27

Board Meeting agenda items, including revisions to the Bylaws, may be discussed and voted on at both Regular and Special meetings of the board.

Discussion and possible action:

(15 minutes)

Motion for the board to hold a Special Board Meeting to approve the revised Bylaws, pages 1 thru 11 on October 19, 2021 at 6:30pm.

**Per the Bylaws Article XIII, Amendments:**

“All proposed amendment(s) will be reviewed by the Governance Committee for analysis and recommendation(s) shall be reported to the Board. The proposed amendments will be placed on the agenda for public discussion at the next two (2) consecutive scheduled Neighborhood Council meetings.

A recommendation for amendment, change(s), addition(s) and/or deletion(s) of these Bylaws or Standing Rules requires an affirmative vote of two-thirds (2/3) of the full 23-member Board.

Thereafter, and within fourteen (14) days after a vote recommending amendment, change(s), addition(s) and/or deletion(s) to the Bylaws, a Bylaw Amendment Application shall be submitted to the Department for review and approval by the Department all in accordance with the Plan.”

**(21-082) DIR-2020-5379-SPP-VHCA The District at Warner Center (Fry's Electronics Store site)**  
**6100 Canoga Avenue, Woodland Hills, CA 91367**  
**Downtown District of 2035 Warner Center Specific Plan**

Discussion and possible action:

(20 minutes)

Construction of an 8.88 acre, phased Master Plan development comprised of two mixed-use buildings with 852 apartments and Live/Work units, and a commercial building with a 12-story hotel. Project proposes 1,154,178 SF of floor area. Present use: commercial; Proposed use: Apartments, work-live, retail, hotel. Action(s) requested: Parcel map to subdivide the site into three ground lots; 2 Project Permit Compliance Review(s) for a phased, unified mixed-use development within the Warner Center Specific Plan, Downtown District.

As pertaining to Case DIR-2020-5379-SPP-VHCA at 6100 Canoga Avenue, Woodland Hills, CA 91367, after having held four (4) live or virtual electronic public meetings for the application filed by Kaplan Companies (Houston Texas), for an 8.88 acre phased Master Planned mixed-use development project in the Downtown District of the Warner Center Plan that is in compliance with the Warner Center 2035 Specific Plan and will feature residential units (852 market rate apartments and 316 Work/Live spaces) providing 1,154,178 SF of total floor area in two apartment/garage structures, plus a 12-story hotel building fronting Canoga Ave., the WHWCNC Planning, Land Use and Mobility Committee hereby finds that:

WHEREAS, the proposed Master Plan adheres to all of the requirements of the Downtown District of the 2035 Warner Center Specific Plan without requesting variances or exemptions; and,

WHEREAS, the proposed Master Plan provides the required balance proportions between commercial space and residential space; and,

WHEREAS, the development plan provides for 85,106 SF of *usable* Publicly Available Open Space (PAOS) which includes a 4,300 SF public park fronting Canoga Ave., and a total of 127,235 SF of PAOS which is 149% of the required amount; and,

WHEREAS, a total of 1,381 vehicle parking spaces and 407 bicycle spaces are provided in the Master Plan which exceed the minimum required totals for this mixed-use Master Planned development; and,  
WHEREAS all 54 existing trees on the site will be removed and replaced with a total of 243 newly planted *shade producing trees* (not including additional palm trees around the hotel) in the PAOS, parklettes and “club garden” areas; and,

WHEREAS since the proposed development will create a significant “heat island” in the Downtown District, the Applicant has agreed to explore the options of using Cool-Crete surfaces throughout the open spaces of the project, solar panels on the roofs of the garages, and cool roof surfaces on the other structures; and,

WHEREAS the development plans call for the creation of a private, 2-way road around the hotel that will serve as the ingress/egress for all vehicles to the site and which the Applicant has agreed to make a No Parking thoroughfare; and,

WHEREAS the Applicant has added “fins,” “buttresses” and other permanent architectural elements and embellishments to all three “tower” structures fronting Canoga Ave. and additional roofline modifications along the north and south elevations of the garages/apartments in an effort to create a more iconic project as requested by the Neighborhood Council; and,

WHEREAS the Applicant has stated that he is has reached out to the property owners of existing structures on the south, north and east to negotiate open access pathways (from 6 AM-10 PM) to surrounding streets in order to break up the giant WC block(s) and create true connectivity through WC as mandated in the 2035 Specific Plan; and,

WHEREAS the Applicant has stated that land slated for the phases not undergoing construction or serving as a staging site for current construction equipment/materials, will not be used as temporary parking or storage sites, and that those sites will be graded, landscaped and open to the public until new construction is about to begin.

Therefore, IT IS HEREBY RESOLVED that the Planning Land Use and Mobility Committee and the full Board of the Woodland Hills-Warner Center Neighborhood Council, for the findings and conditions stated herein, finds that application and plans submitted by Kaplan Companies, its affiliated architects, planners and partners receive the support of the Board of the Woodland Hills-Warner Center Neighborhood Council (WHWCNC) for their requested actions contingent upon the following conditions:

### **Conditions**

1. The work/live units represent approximately 50% of the required commercial use for this project. As such, the WHWCNC believes the majority of those units need to be located adjacent to the other commercial uses – the Bodega, Hotel Lobby and leasing offices-- to benefit from the pedestrian foot traffic that would activate these work/live “storefronts” and enable their rental and commercial success.

Subsequently, creating an interesting commercial zone adjacent to the new “park” open space along Canoga Avenue and adjacent to the Hotel Lobby and its possible cafes, bars and other commercial activities, would fulfill the intention of the 2035 Specific Plan for this Downtown Neighborhood by enabling this project to engage with the Woodland Hills community thru this new interesting commercial activity area, while also promoting small business, along Canoga Avenue.

2. The WHWCNC is requesting that the Applicant strongly reconsider making a percentage of his residential units meet the State defined rental rate for "Affordable Housing" which the Applicant has previously rejected.
3. The 243 new deciduous trees for the property must be in tree containers of the following sizes: Maximum of 25% of total in at least 15-gallon size containers; 25% of total in 24” wood box containers; 25% of total in 36” wood box containers; and 25% of total in 48” wood box containers.
4. In the event that the Applicant cannot negotiate unobstructed connectivity (6 AM to 10 PM) with adjoining properties in order to provide the required connectivity and street access mandated by the 2035 WC Specific Plan, the Applicant shall enlist the assistance of the CD-3 Council office or, if necessary, the LA City Attorney to assure the Specific Plan connectivity mandate is fulfilled.
5. All plans presented either in person or electronically October 12, 2021 to the Board of the WHWCNC shall be dated as such and, shall be re-submitted to Planning as a final project plan application submittal.
6. The applicant will not submit any significant, further updated plans or changes without first presenting them to the WHWCNC for support. Any modifications to the elevation(s)/ architecture of any and all future phases that are no longer in substantial conformance will be presented first to the WHWCNC for support before submitting them to City Planning. Additionally, all conditions herein shall be printed on one of the Project Summary pages as a commitment to--and acceptance of--these conditions.
7. The Applicant will place a project sign on each appropriate Phase of the project at the beginning of construction of sufficient size that is clearly visible to the street showing a rendering of the proposed/approved project building, plus specifics as to the size, ownership and contact information. Upon receipt of a Certificate of Occupancy, the signs for that building shall be removed.

The Planning, Land Use and Mobility Committee recommends that the Board of the Woodland Hills – Warner Center Neighborhood Council advise the City of Los Angeles Planning Department and Council District 3 Councilmember Bob Blumenfield of its findings and subsequent recommendations to SUPPORT this motion presented on October 13, 2021.

Discussion and possible action:

(20 minutes)

A Motion submitted by the Woodland Hills Issues and Policies Committee regarding the Board's Community Impact Statement to the Los Angeles City Council Redistricting Commission 2021.

**The Woodland Hills – Warner Center WHIP Committee unanimously\* moves that the full Board recommend the redistricting map/plan and comments designated below, so that this Neighborhood Council can inform the Los Angeles City Council Redistricting Commission 2021, Members of the LA City Council, Council Member Blumenfield and the Mayor of its recommended preference, whenever there is an opportunity to do so.**

## **The WHWCNC Board supports “Using Stakeholder Map 57666” submitted to the Commission.**

For the following reasons:

The WHWCNC Board opines that Stakeholder Map 57666 (a) maintains the integrity of Valley Neighborhood Councils with each being in just one City Council District, (b) maintains the goal of compact City Council Districts, which (c) maintains the additional goal of keeping together “local” communities of interest.

The WHWCNC Board opines that the Stakeholder Map 57666 attempts to minimize deviation of populations for the West Valley from the ideal to allow for future population growth led by Warner Center. CD 3 had the most growth in the Los Angeles in the last decade. The Woodland Hills – Warner Center Neighborhood Council gained about 10,000 residents. According to the Planning Department’s recent draft of the forthcoming Housing Element, Warner Center will add over 10,000 residential units within 8 years beyond the units approved or under construction at the time of the census. The near-term future residents of those buildings are not accounted for by the census and greatly exacerbate the deviation.

The WHWCNC Board opines that all Neighborhood Councils must be kept whole to the extent feasible to limit the burdens imposed by dealing with multiple City Council District Offices.

The WHWCNC Board opines that City Council Districts be compact to facilitate 1) easy access to City Council District Offices by all, 2) make District Offices more efficient by not being spread out, and 3) to maximize resident’s familiarity with district issues. Far-flung districts with disparate local communities or topography can result in Council District divisiveness regarding needs and expectations of different communities, creating difficulties for Council Members to serve their Districts.

The WHWCNC Board opines that adjoining Neighborhood Council and communities are much stronger as a compact greater community. They work better together than when they are separated into different districts. When there is less reason to combine their efforts, working together is much more difficult. Keeping communities of interest together is very important for the city because when a group of Neighborhood Councils share environmental concerns, police and fire stations, retail centers, facilities, healthcare, traffic systems, schools, the same social infrastructure, whether it be Chambers of Commerce, sports leagues, recreational areas, service and social organizations, languages, or religious institutions, the local communities, and the entire city functions better.

The WHWCNC Board opines that it supports the Commission’s goal of using Mulholland Drive as a border to the Valley Council Districts whereby 5 City Council Districts are totally within the Valley.

The WHWCNC Board opines that redistricting, to the extent feasible, should limit the number of Community Plans, Specific Plans, and similar entities, which City Council Districts must attend to. This will maximize their efficiency in dealing with District Issues.

The WHWCNC Board opines that the Warner Center Specific Plan strongly affects all the surrounding communities and is a vital economic interest to all of them. Warner Center is a city-designated Regional Center serving as the “Downtown” of the West Valley. Warner Center is in Woodland Hills and Canoga Park. It should not be in 2 or more City Council Districts.

The WHWCNC Board opines that the redistricting process must acknowledge the importance of Warner Center as an economic interest for the West Valley. Redistricting must create a City Council District that maintains a strong focus on Warner Center, composed of the Neighborhood Councils that are affected by Warner Center, and one that will avoid generating conflict with distant Neighborhood Councils competing for attention. Most Neighborhood Councils surrounding Warner Center are included in the Neighborhood Protection Plan element of the 2035 Warner Center Specific Plan and thus should be included in the same Council District as Warner Center. Likewise, the Specific Plan also has a Plan Implementation Board of appointed local community members that is overseen by the Council Member for Warner Center and that Board directs the funding priorities of the Plan’s mitigation projects within the West Valley, which is of significant interest to surrounding Neighborhood Councils.

### **The WHWCNC Board is “Against Using Redistricting Commission Proposed Map K2.5”**

The WHWCNC Board opines that Map K 2.5 does not serve the best interests of our greater local community groups and violates the important premise of keeping communities of interest in the same Council District. Woodland Hills shares a much greater community interest with its West Valley neighbors than it does with communities east of the 405 Freeway like Valley Village and Valley Glen or Sherman Oaks that are included with Woodland Hills in Map K 2.5.

The WHWCNC Board opines that Map K 2.5 will quickly dilute the vote power of the Council District for Warner Center. The current “CD 3” had the most growth in Los Angeles. Future West Valley population growth will be led by Warner Center. Starting with an excess population of almost 12,000 for “CD 3”, the deviation overage will be quickly exacerbated. Map K 2.5 does not account for the additional 10,000+ residential units to be built over the next 6-8 years, according to the Planning Department, above and beyond the thousands of units already approved or under construction. This could easily result in over 20,000 to 35,000 additional residents from just Warner Center on top of the 12,000 taking the proposed District population way beyond the ideal much faster than other Council Districts which effectively denies equal representation.

### **The WHWCNC Board is “Against Using Redistricting Commission Proposed Map L”**

The WHWCNC Board opines that Map L does not serve the best interests of Neighborhood Councils. It violates the principal of keeping Neighborhood Councils whole. Neighborhood Councils must not be split between 2 or 3 Council Districts. A Council District on both sides of Mulholland Drive results in interests located outside of the Valley taking away a Council Districts focus on Valley interests. A Council Member should not be put into a position of divided loyalty. Map L violates the goal of compactness as the residents of Reseda and Lake Balboa Neighborhood Councils (north of the US101 Freeway) have minimal to no local common interests with residents of the West Los Angeles and Palms Neighborhood Councils (south of the I-10 Freeway).
