(22-023) ZA-2021-8126-ZAD-ZAA & ENV-2021-8177-CE
21055 Topochico Drive – new home

Discussion and possible action:

(15 minutes)

As pertains to CaseZA-2021-8126-ZAD-ZAA; ENV-2021-8127-CE, having held 2 virtual public meetings for the application filed by Jeon & Chun Development, LLC, to build a 3-story 2,847 square foot residence, an enclosed 400 sq. ft. two-car garage and three onsite, uncovered parking spaces located at 21055 Topochico Drive, in the Girard Tract, Woodland Hills, CA 91364 the Planning, Land Use and Mobility Committee hereby finds that:

WHEREAS, the Applicant has designed and submitted a proposed single-family residence project that substantially complies with the applicable regulations, findings, standards, and provisions of the Girard Tract Specific Plan, the Mulholland Scenic Parkway Specific Plan, and the Baseline Hillside Ordinance; and

WHEREAS, the subject property is in a partially developed area with 9 undeveloped neighboring lots and where the subject property is the first to be approved in the immediate area; and

WHEREAS, the project is requesting relief from LAMC 12.21.C10(a)(2) and (13) 2, which require a front yard setback minimum. The Applicant seeks relief from the five (5) foot front yard setback for an additional proposed subterranean portion of the proposed house.

WHEREAS, the request under consideration seeks a zero front yard line involving a retaining wall required to support an active roadway that will also be part of the subject residence. The PLUM committee is not qualified to determine whether or not a zero front yard lot line is appropriate or safe. Further, the Zoning Administrator and City Planning have the expertise and duty to determine it is structurally safe to permit a street retaining wall as part of a home.

WHEREAS, the Applicant seeks relief from LAMC 12.21.C.10(i)(3), which requires that the owner of a new single-family dwelling shall improve the street to a minimum of 20-foot wide continuous paved roadway from the driveway apron that provides access from the residence to Mulholland Drive. The Applicant seeks a variance due to practical difficulties of removing all existing utility services at the neighboring property to Mulholland Drive and therefore receives approval by a Zoning Administrator under Section 12.24 X.28. of this Code.

THEREFORE, BE IT RESOLVED THAT,

The Woodland Hills Warner Center Neighborhood Council, PLUM committee DENIES in part and SUPPORTS in part and the application for the requested relief from;

- The PLUM Committee recommends **DENYING** the requested relief from LAMC Sections LAMC 12.21.C10(a)(2) and (13) 2, which requires Front and Side yard setback minimums, and
- **SUPPORTS** the requested relief from LAMC 12.21.C.10(i)(3), which requires the owner of a new single-family dwelling on a Lot shall improve the street to a minimum 20-foot wide continuous paved roadway from the driveway apron that provides access to the main residence to Mulholland Drive, and

FURTHER, the Planning, Land Use, and Mobility Committee, for the findings and conditions stated above, finds that the submitted request receives the **DENIAL in part and SUPPORT in part** of the Board of the Woodland Hills-Warner Center Neighborhood Council.

The Planning, Land Use, and Mobility Committee recommend that the Board of the Woodland Hills-Warner Center Neighborhood Council advise the City of Los Angeles Planning Department and Council District 3 Councilmember Bob Blumenfield of its findings and its subsequent **DENY in part and SUPPORT in part** this application as presented to the WHWCNC Board on February 9, 2022

Item No (12) Woodland Hills Issues & Policy Committee [WHIP] - Heath Kline, Chair (22-027) Motion & [CF 20-0963](#) CIS in support of Reseda NC's CIS and call for public explanation and accounting of DONE's 2021 NC election outreach, oversight, and spending activities.

Discussion & possible action:

(15 minutes)

Whereas by unanimous vote, the WHIP Committee asks the full WHWCNC Board to read the attached and [\(link\)](#) Community Impact Statement [CIS], including its embedded links to exhibits filed by the Reseda NC. The Reseda CIS documents how DONE mismanaged its vendor selection, vendor oversight, and payments in connection with the 2021 NC election outreach. By way of example:

- Selected & paid unqualified vendors for services at far above market rates of qualified vendors for such services. Issued “no-bid” contracts to vendors for services outside their usual scope of work when multiple qualified vendors could have bid and performed the services.
- Paid vendors for outreach who targeted young children rather than eligible adult (over 18) potential NC candidates and voters.
- Selected, contracted & paid vendors for election outreach after the 2021 NC election cycle had passed.
- Paid vendors for 2021 election outreach for NC's that were not holding elections in 2021 and for NC's that did not exist.
- Provided no election outreach & promotion for NCs who were having elections in 2021
- Paid vendors for services not performed despite such services being the basis of the vendor's bid and agreed upon statement of work or contract with the City that was negotiated by DONE and reviewed and paid by the City Clerk.

NOW, THEREFORE, based on the finding documented and reported by, and questions raised by the Reseda NC and in addition the questions and moving forward concerns of the WHWCNC, the WHWCNC passes the following CIS and letter to City officials:

RE: [CF 20-0963](#) (Neighborhood Council Elections/Fiscal Year 2020-21/Covid Pandemic)

COMMUNITY IMPACT STATEMENT

The Woodland Hills-Warner Center Neighborhood Council [WHWCNC] echoes the concerns expressed by Reseda Neighborhood Council ([link](#)) and other NCs in the Council File regarding the spending patterns and failures of oversight by the Department of Neighborhood Empowerment [DONE] and the City Clerk's Office for the 2021 Neighborhood Council elections and their impact on candidate recruitment and voter engagement.

Neighborhood Councils function as the closest level of government for four million residents of Los Angeles. City agencies and departments must give NC Elections the same scrutiny and effort as other City Office elections.

As documented by the Reseda NC, leadership failures by the DONE permeated the 2021 election cycle. Given that the Department requested one million dollars for the upcoming election cycle, the WHWCNC agrees that DONE and the City Clerk provide further information regarding their stewardship of resources in the previous election cycle after a careful and thorough examination of public documents.

The WHWCNC reiterates Reseda Neighborhood Council's sentiments and similarly requests a detailed written accounting from DONE and the City Clerk's Office with backup documents of the money spent and the money remaining from the \$456,000 allocated to the Department of Neighborhood Empowerment for the 2021 election by February 28, 2022. If they cannot meet this deadline, we request a partial response by this date, including a commitment to a complete reply and a statement of when we will receive a full response.

WHWCNC further requests that the Board of Neighborhood Commissioners address this Community Impact Statement in writing by February 28, 2022.

Due to the failed outreach, lack of proper oversight, and ineffective use of public funds, the WHWCNC requests a detailed response from DONE and the City Clerk explaining all the expenditures, vendors used, vendor contracts, and proof of performance concerning the 2021 elections, including a breakout of the WHWCNC-Region 3 election activities and expenditures.

WHWCNC further requests that the City Clerk's Office and the City Controller's Office review whether there was adequate review of DONE payment requests and vendor proof of performance for 2021 Neighborhood Council Elections expenditures against contract or scope of work agreements before the Clerk's payment of public funds to NC election vendors.

The WHWNC requests that the City Council Arts, Parks, Health, Education, and Neighborhood Committee reopen this council file and put the findings from the attached Reseda Neighborhood Council report on its agenda for discussion and appropriate action.

Finally, the WHWCNC requests that any future NC election-related public outreach be coordinated by region-election cycle, in conjunction with the affected Neighborhood Councils, concerning planning the appropriate formats and messages for public outreach, plus choosing proper media, and qualifying the vendors for election-related services. These activities were inadequate or absent for 2021. Furthermore, the planning and subsequent contracting for election-related public outreach should start a year before elections to be conducted effectively and timely. Ideally, public participation outreach should be an ongoing, year-round activity with professionally qualified staffing to match.

[Attached](#) is the complete statement & report from Reseda Neighborhood Council.

This CIS motion was brought before the WHWCNC Board at its February 9, 2022, meeting and passed with the following Board vote:

Sincerely,

Joyce Fletcher, President
Woodland Hills-Warner Center Neighborhood Council
