Gov. Officials: Seth Samuels for Councilmember Blumenfield

3:08pm

1 public stakeholders

3:08pm

No previous agenda / minutes to approve

3:09pm

Go over committee mission statement from EmpowerLA:

The Government Relations Committee complements the WHIP committee and encourages Stakeholders to be more involved in the relationship between the LA City government and our neighborhood.

The members of this committee will work closely with our elected officials to ensure that our Neighborhood Council has the most current and updated information about projects and matters that directly affect our community.

We will also work with elected officials and government organizations to connect stakeholders to the best resource as needed. If a representative from an elected official's office is unable to attend a Board meeting, the committee will be responsible for sharing any pertinent information and matters to that office.

3:11pm

Intros of committee members

3:21pm

Stakeholder comments

3:25pm

City Councilmember representative comment
