Norm Enrollment & Student Demographics

Get to Know our School

Woodlake Elementary Community Charter serves a diverse group of students with the goal of Educating the Whole Child. Our goal is to create well-rounded individuals who will be successful in a global world by introducing students to enriching opportunities. Education can teach us how to use our mind, how to respond peacefully, how to find and follow our passions. This type of education comes not just from learning about these things, but from experiencing them in a classroom. Students are exposed to activities like ballroom dancing, horticulture, music, technology, physical education, drama and dance, all to help students become well rounded, lifelong learners.
