To Whom It May Concern:

The Woodland Hills Warner Center would like to request a donation bin so that stakeholders and residents can donate items to the Los Angeles Homeless Services Authority (LAHSA) for homeless individuals in the area. This will be a bin utilized for Personal Protective Equipment (PPE), clothing, socks, shoes, and possibly other items that homeless individuals will need. This will be dropped off and picked up by our LAHSA local Area representative. Our local Representative is Corinne Ho, Community Relations Coordinator SPA 2.

We would also request that Corinne Ho, Community Relations Coordinator SPA 2 come to our upcoming Homelessness Committee meeting as well as the Full Board Meeting of the Woodland Hills Warner Center Neighborhood Council. We would like her to let us know upcoming events, efforts, and shelter beds that are located in SPA 2, and specifically report on those located in Woodland Hills and Council District 3.
