SECTION II - PROJECT DESCRIPTION

4) Please describe the Neighborhood Improvement Project for which the grant is intended.

We are requesting funding to support the Los Angeles Pierce College Basic Needs program. The program currently serves over 900 students. We provide students with direct food support, housing support, as well as referrals to additional resources as needed by the individual student. One of the services we provide is a shopping experience for students in need within the campus bodega. A Food Delivery Cart will allow us to continue to deliver basic services to Pierce College Students. We are requesting a donation to the general fund for the benefit of the students in need, and to ensure students do not go hungry.

5) How will this grant be used to primarily support or serve a non-discriminatory, public purpose and benefit the public at-large.

Pierce College is dedicated to equity, inclusion, and justice. Our basic needs program strives to provide support to all students in need and does not withhold services to students that request support. A large number of the students at Pierce College are from the local and neighboring community. Providing support to them means giving back to community members in need and helps strengthen the community by helping students persist, assisting them with attaining a degree from a higher education institution, and preparing them for their careers.
