5. **Discussion and possible action regarding determining the need for Council Member Blumenfield to initiate the process leading to an update to the Warner Center 2035 Specific Plan to better serve the community.**

Given that the Planning Department believes the Warner Center 2035 Plan may reach the residential limits of the EIR within 6-8 years, and given that the economy may be permanently changed, and given that the current plan took 8 years to create, is it time for the community to work with planning on updating the plan to meet community needs and improve on some of the discovered problems?
